

Adventure on the high seas...

The waters around the Peninsula are spectacular and if you get into or onto it, it is even better. If you and the family are up for a bit of adventure, then we suggest you try some or all of the following options. We have given you two or three options for morning or afternoon, so you could drag this out to two or three days.

9:00 am – Bayplay Adventure Tours – Explore the wonder of our local marine life. Dive on living reefs and old shipwrecks or take a guided sea kayak tour along the southern coastline.

Or

Moonraker Dolphin Swims – Offering guests the chance to encounter wild Bottlenose Dolphins, Australian Fur Seals and beautiful colourful fish in pristine Marine Parks.

12 noon – Both of the above work from around Portsea and Sorrento so try the following for lunch:

The Portsea Hotel – great pub food and a fabulous atmosphere.

The Baths – fine dining you probably don't

want to do at lunch but the food is great and you can always get fish and chips at the back of the restaurant...eat them on the beach.

St Pauls Road General Store – off the beaten track but a hidden treasure...think Jerrys Milk Bar in Elwood but on a smaller more rustic scale. Great coffee great food and there is a little play area for the kids if the weather is kind.

2:00 pm Gunnamatta Beach Trail Rides – specialising in horse trail rides to the spectacular St Andrews Ocean Beach and suitable for beginners to advanced riders.

Or

Polperro Dolphin Swims – The experience of a lifetime swimming with wild dolphins and seals. Groups are small to ensure high standards of customer and environmental care.
